

Requirements	Incomplete (0)	Does Not Meet Expectations (1)	Meets Expectations (2)	Exceeds Expectations (3)
Read in your dataset, determine how many samples are present, and ID any missing data				X
Create a table of descriptive statistics for each of the variables (n, mean, median, standard deviation)				X
Describe the distributions of your data			X	
Plot box plots for each variable				X
Create a covariance matrix				X
Determine any issues or limitations, based on your exploratory analysis				X
Outline exploratory analysis methods		X		

Notes: GRE larger STD due to range. Plan requires more detail. Great coding!
